Notes

- Immediate problem discuss: Wiki still quite empty and no reliable place no allocate notes and exams solutions (problem lies in the lack of space+password protection).
- Given the success of the Welcoming Party, a second event is consider to further improve social interaction between graduate students.
- Future projects: Application to PhD workshop for Master students and Application to PostDocs for PhD students, and one for Undergrads too -> Work with SPS.
- Discussion about coffee time, setting a stable committee in charge.
- The panel for new students was a success, however just around one third of new students attended and it was mainly focus in academic issues. This should be taken into consideration for the next year.
- Universal Wiki Accounts are to be created.
- A Message Board is to be established (possibly associated with the wiki).
- Open problem: lack of a chair for the Diversity Committee.
- Increase SBULife registration, immediately.

- Related with the previous one, a list of SBULife registered people must be provided to Yue Wang to proceed with acquisition of funding, and soon!
- GSEU representatives need to be chosen -> Dallas?
